**Marketability Certificate Immuno 150 (food supplements) free trade certificate**

According to the documents available to me, the food supplement Immuno 150 is marketable in Germany and the EU!  
Immuno 150 is not a medicinal product and not a presentation medicinal product!  
Immuno 150 does not serve to alleviate diseases, but supplements the human diet with plant substances and vitamins

Immuno 150 is to be judged as a food supplement due to the nutritionally useful ingredients which comply with the COMMISSION REGULATION (EU) No. 432/2012 of 16 May 2012, the REGULATION (EU) 2015/2283 of 25 November 2015 and the Regulation on Food Supplements of 24.05.2004!

The ingredients are used as food or food additives or as Not NFS and can also be found in the substance list of the federal government and the federal states category "plants and plant parts" as Not NFS (non-novel food supplements, 2014 Federal Office of Consumer Protection and Food Safety):
